With over 75 years in the corrugated industry,
President Container Group,
a fourth-generation, family-owned business,
has grown into one of the largest independent
corrugated manufacturers.

But it doesn't stop there.

PCG is a collection of four companies that,
together, offers a full range of design, printing
and fulfillment capabilities.

In 2023, PIP became the exclusive source of RHE Container's Hanger Pack and Coat Pack products.

Specifically engineered to allow garments to be transported without wrinkling or shifting during transit, these products are perfect for moving companies and high-end fashion houses.

Unlike traditional wardrobe cartons that require a metal bar, these packs feature a built-in interior insert pad for structural reinforcement, a stitched "door" that can be reopened and a custom-designed hanger bar with a secure locking mechanism to keep garments in place.

Not all tapes are created equal. The key is knowing which one works best for your application.

PIP provides a wide selection of high-performance tapes for all uses.

Acrylic – Long-lasting, weather-resistant, clear appearance

Hotmelt – Quick bond, especially to corrugated material

Water activated – Used for heavy duty packaging and e-commerce – provides tamper-evident seal

Filament tape – provides extra strength and support via the filaments that run through the tape
